Memorandum for: Chief, Graphics Register/OCD

1. The staff of the Senate Internal Security and Immigration Subcommittees, have long been interested in Communist penetration in Cuba and relationships which they feel exist between General Batista on the one hand and the Communists on the other. They feel that this relationship is closer than General Batista would desire the U.S. to believe.
2. The staff has just made available to me the attached photographs which they wish to have returned ~~to~~ as soon as possible. Will you, therefore, please return the pictures to me as soon as you have copied them.
3. You will note that figure "1" in the larger photograph is alleged to be President Batista, and figure "2" Blas Roca, an alleged Latin American Communist Party organizer.
4. The second picture allegedly is of President Batista with some communists in Cuba.
5. These pictures were supposed to have been taken at about the time that Cuba broke off relations with the USSR.
6. I am sending a copy of this memorandum to Chief, Staff C/DDP and the Chief, WH Division/DDP, with the suggestion that they may wish to have copies of these prints as soon as they are available.
